### 8 Dimensions of Wellness

Health and wellness means having a balanced life rich in vitality and well-being. To assist our residents in achieving a healthier and happier lifestyle, we provide programming that focuses on 8 Dimensions of Wellness. These dimensions of wellness are:

- |          |               |            |                 |
|----------|---------------|------------|-----------------|
| Physical | Environmental | Vocational | Intellectual    |
| Social   | Spiritual     | Emotional  | Health Services |

For the month of August we will be focusing on **Emotional Wellness**. These activities are marked with an asterisk.
